# Annual Report

WARRIOR FOR CHILDREN

# ABOUT US

Warrior for Children is a nonprofit 501c3 organization that uses tangible resources, community-based education, and relational experiences to help children of trauma thrive.

Our goal at Warrior for Children is to provide a place to serve children on their healing journey by supporting the three pillars of our mission. Provide the little things so caregivers can focus on the big things, educate those that serve and care for these amazing kiddos, and provide safe experiences that are sensitive to the healing process.

We support a wide array of individuals serving children:

- Foster/Adoptive Caregivers
- Foster Family Agencies/County based Children and Family Services
- Non-Profits serving children/families
- Child trauma/mental health centers
- Child advocates
- Family based Rehabilitation centers

# MISSION

We are the voice for the voiceless, light in the darkness, and difference makers for the brokenhearted littles of the world.

# OVERVIEW

2022 continued to track upwards in terms of number of children served, new partnerships, and fundraising. In our fourth year of operations, we continued to increase our impact and solidify our mission serving children navigating trauma.

## INTENTIONAL GIVING

Warrior for Children's Impact Center fills immediate need requests.

We partner with those serving children to make sure that the small stuff is taken care of so that families and case managers can focus on the big stuff.

## EDUCATION

Warrior for Children provides education to those caring for or working with children. We specialize in education that focuses on child trauma, parenting a child of trauma, building resiliency in children and families, as well as caring for the drug exposed child.

## EXPERIENCES

Our vision is not only to provide tangible resources but also a place for children and families to come, learn, and be loved on. A place children can not only have fun, but also participate in experiences with kind grownups so they learn that the world isn't all scary.

# 2023 GOALS

## PILLAR 1

### Tangible Resources:

- Streamline partnerships and protocols
- Create trainings for new staff
- Develop multi-year relationships with donors and contributors

## PILLAR 2

### Trauma Informed Education:

- Provide 1-2 trainings per quarter
- Outsource additional trainings with approved partnerships

## PILLAR 3

### Experience Depot

- Add needed Trauma Informed personnel
- Continue with 1 experience per quarter for our Core 33
- Add 1-2 additional Core 33 groups
- Diversify small group experience offerings
- Advance mentorship/internship opportunities

# 2023 - 2028 PROJECTION

- Solidify staff and financial support needed to further expand the 3 pillars to change trajectories of children navigating trauma.

- Expansion of the model to include charters in additional counties and states.
  - First Charter to open in 2023

Warriorforchildren

### Do you only help at Christmas and for back to school?

We know that children experience trauma 365 days a year so we are here to support them and their caregivers all year long.

### Does Warrior for Children provide new or used items?

We provide new items to our kiddos and families.

### How do you receive your yearly operating funds?

Most of our operating funds come directly from individual people. We also host a few fundraising events yearly to bring people together and raise money for our cause. At Warrior for Children 80% of every dollar donated goes directly to the children we serve.
